WHO WE ARE

Mathisi is a future-focused EdTech company building AI-ready talent through industry-aligned learning.

We offer hands-on, practical training in:

Data Science

AI & ML

Data Engineering

Cybersecurity

Quantum Computing

Our USP:

Tailored learning programs designed to meet the specific needs of educational institutions and IT companies.

We customize curriculum, tools, and projects to align with real-world roles, industry standards, and organizational goals. End-to-end career enablement & placement support

Big Tech & Cloud Giants

Data & Analytics Platforms

Quantum Computing Leaders

Hardware & Global Services

“TAKE YOUR CAREER TO NEXT LEVEL WITH US!

Our Mission

To bridge the gap between learning and employability by delivering skill-first education integrated with real-world applications and industry relevance.

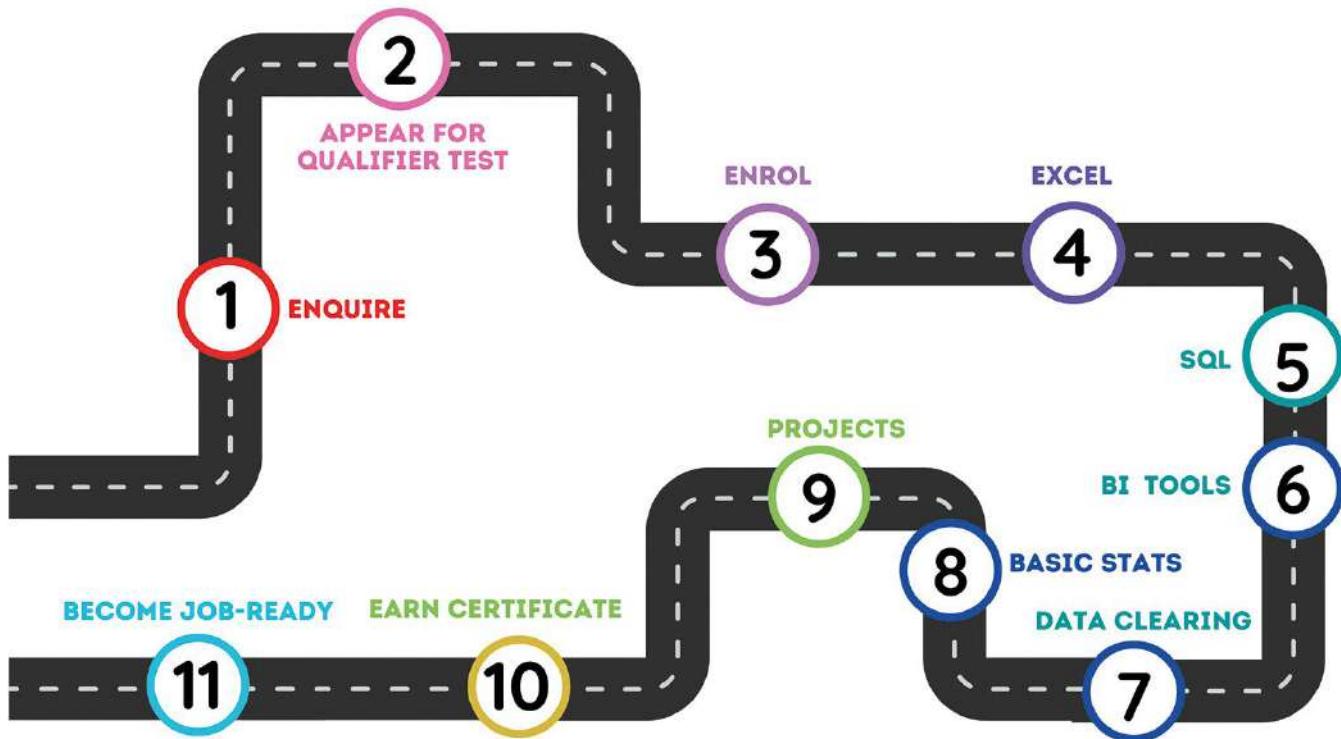

Our Vision

To bridge the gap between learning and employability by delivering skill-first education integrated with real-world applications and industry relevance.

Admission Path & Certificate

STEP BY STEP

Data Analysis

Duration : 4-5 months

- Excel
- Python
- MySQL
- Power BI
- Statistics
- Generative AI, Prompt Engineering and ChatGPT
- Capstone and Industry Project Training
